

Alphabet Soup Project – Drawing Day Assignment

For this assignment, both classes are going to be creating a standard alphabet on 8" x 8" canvas panels. You will each be assigned a letter in the alphabet. Your finished panel should be a carefully done representation of that letter. Please research different fonts solutions for your letter. Look into alternate characters on your computer. You can do one UPPERCASE and one lowercase letter if you wish. Your finished letters can be done in acrylic, pastel or water color – but you need to layout your letter digitally before proceeding to the analog version. This should include color combinations that will be used.

Below are the assigned letters:

A	Alexandria
B	Megan
C	Corey
D	Dylan
E	Erik
F	Simon
